

# I&R SUBJECT FOCUS for 2012

<b>FOCUS</b>	<b>AWS</b>	<b>force.com</b>	<b>Azure</b>	<b>iOS</b>	<b>Android</b>	<b>Hadoop</b>	<b>HBase</b>	<b>Objective-C</b>	<b>Javascript</b>
<b>PROMOTE</b>	<u>Web Services &amp; APIs</u>	<u>Cloud Workflow</u>							
<b>CENTRIC IP</b>	<u>Enterprise Open Source</u>	<u>IT Health Check</u>							

**Bolded Items** = I&R Experience, lab or otherwise  
Underlined Items = I&R "Thought Leadership" pursuits

**NOTES** The Concepts & Strategy and Architecture sections will transcend technology groupings as well as the ebb and flow of the popularity of their individual technology items. Therefore, those two sections are categorized differently in order to reflect the maturity of the approaches and our current ability to promote them to our clients rather than the level of attention they are currently receiving.
